Parivaar Ramakrishna-Vivekananda Seva Kutirs (Meals cum Education Centres)

The Seva Kutirs have the following design features:

- Village Community Provided Venue: The village community has to invite us and offer a venue free. Usually it is somebody’s house, Panchayat building, community hall, school in its non-functioning hours, or even a shed / godown. Thus we do not incur any infrastructure costs for this.
- Morning (Breakfast) and Evening (Dinner) Shifts: All Kutirs follow a 2-shift engagement with the children (from morning 7 to 10:30 and from 4 to 7:30).
- Local Human Resources
- The Kutirs in the same area are organised under one cluster.
- Central Resource Team in Education, heath-Nutrition, and Operations Management
- Convergence with Govt Schools as well agencies like Nutrition Resource Centres in government hospitals.
Community ‘Buy-in’ in the Seva Kutirs

The program is designed carefully to involve people not just as beneficiaries but as stakeholders. Institutions like Panchayats and non-Government bodies like self-help groups, women-led federations, which have seen a growth in tribal areas are being involved in the processes of the program like:

- Mobilizing children in villages for the Seva Kutir
- Volunteering for the Seva Kutir
- Regular sharing of data on the children of their villages on health and education
- Mobilizing action to achieve success in convergence with government programs.
