**Annual Report  
2018-19**

## **General Introduction:**

Parivaar is a humanitarian organization inspired the spiritual and humanistic ideals of Sri Ramakrishna and Swami Vivekananda, with its chief institutions based in West Bengal, India, and a recent second branch in Madhya Pradesh. For last 16 years, Parivaar has worked towards the total care and overall development of children who are highly vulnerable to exploitation, victimization and trafficking, including orphans, street children, abandoned children, and extremely impoverished children from tribal areas. It also conducts many more humanitarian activities for the destitute and uncared, including elderly and shelterless.

In Bengal Parivaar has two residential educational institutions – Parivaar Vivekananda Sevashrama for Boys and Parivaar Sarada Teertha for girls. With over 2200 resident children, these are West Bengal's largest free residential institutions for children from deprived and destitute backgrounds. We provide residential living, education, and physical activity in a loving and caring atmosphere for boys and girls from early age of 5 till their higher education (university level graduation or employability programs).

Parivaar's Residential Institutions are seen as a model institution in the field of caretaking and overall development of vulnerable children. We have been the recipient of the 2011 National Award for Child Welfare from the President of India, the highest recognition by the Government of India.

In the year 2016 Parivaar began to expand to a new geography of Madhya Pradesh purchasing 17 acres of land at village Sandalpur in District Dewas along with a plot of land on banks of Narmada at village Navada. From 2017 onwards it has started 102 Day Boarding (Meal cum Education centres) for children in selected impoverished tribal and rural pockets called 'Sri Ramakrishna Vivekananda Seva Kutir' in Dewas, Sehore, and Mandla districts. At these Kutirs more than 10,000 children are getting nutritious meals (breakfast and dinner) along with Strongly Supplementary education over morning and evening shifts. We are planning to set up 175 such Kutirs in MP by March 2020. Also, a residential educational institution, modeled on lines of our Bengal institutions, is right now under construction at Sandalpur which will house 500 resident children initially, and will be gradually scaled up.

## **The Background and Beginning:**

In 2003, a 25 year old young alumnus of IIT Kharagpur and IIM Calcutta, having opted out of placements towards a lucrative corporate career, was driven by the inspiring exhortation of Swami Vivekananda of selfless service to those in suffering and make one's life one with them. This youngman, Vinayak Lohani, thus inspired by spiritual and humanistic ideals of Ramakrishna-Vivekananda, resolved to devote his entire life for serving 'Divine in Man' as taught by Swami Vivekananda. He gave up the prospect of highly lucrative corporate career by not taking any placement from IIM. Immediately after passing out of IIM in 2003, with just 3 children in a small rented building on outskirts of Kolkata, he started Parivaar.

But he had no resources. So in order to kickstart his mission, till the level of 15 children at Parivaar, he used to take some lectures for students appearing for Management entrance examinations and through that could meet the expenses of the set-up. Gradually people began to be inspired by this dedicated service and started to support the initiative and the number of children at Parivaar grew. At the end of 2004, Parivaar could purchase its own land to develop its permanent campus called Parivaar Ashram. Parivaar's mission and theme began to attract dedicated youth, many of whom joined Parivaar as resident workers and began to become bearers of this mission.

After 14 years of relentless service in Bengal and with many youth inspired to join him, Vinayak Lohani expanded Parivaar's footprints into Madhya Pradesh in 2016.

## **Mission & Vision**

---

Our mission is to bring about transformation in lives of suffering humanity through earnest humanitarian work, and in particular change the lives of destitute and vulnerable children and youth in a loving and caring environment, creating the soil on which children can realize their full potential, and through the benefits of long-term education, livelihood training, and hand-holding.

Our vision is to reach as many children and youth as possible throughout India and help transform their lives.

## **The Founder**

Vinayak Lohani, the Founder of Parivaar, did B.Tech from Indian Institute of Technology Kharagpur (2000) and MBA from Indian Institute of Management Calcutta (2003). He did not appear for the placement process at IIM, and immediately after his MBA, started Parivaar. The normal career-path of a mainstream corporate career following degrees from two of the most prestigious institutes in India ensures a highly lucrative future, but Vinayak Lohani sacrificed this to work at the grassroots level.

He was inspired by the spiritual and humanistic ideals of Swami Vivekananda, and with just 3 children in a small rented building with almost no financial resources, Vinayak started Parivaar. As on 1<sup>st</sup> January 2019, Parivaar's Residential Institution has more than 2000 resident children and is considered to be a model institution for caretaking and overall development of children from destitute backgrounds in a residential setting. It is also the largest free residential institution for children from impoverished backgrounds in whole of West Bengal. It also conducts many welfare programs in West Bengal and also runs a Meal cum Education Centre in inaccessible areas of Sundarbans.

In the year 2016 Vinayak expanded Parivaar to a new geography of Madhya Pradesh purchasing 17 acres of land at village Sandalpur in District Dewas along with a plot of land on banks of Narmada at village Navada. From 2017 onwards it has started 102 Day Boarding (Meal cum Education centres) for children in selected impoverished tribal and rural pockets called 'Sri Ramakrishna Vivekananda Seva Kutir' in Dewas, Sehore, and Mandla districts. At these Kutirs more than 10,000 children are getting nutritious meals (breakfast and dinner) along with Strongly Supplementary education over morning and evening shifts. We are planning to set up 175 such Kutirs in MP by March 2020. Also, a residential educational institution, modeled on lines of our Bengal institutions, is right now under construction at Sandalpur which will house 500 resident children initially, and will be gradually scaled up.

On Vinayak and Parivaar, many academic case-studies have been authored dealing with grassroots Social Entrepreneurship and Organization-building. These cases have been taught and discussed at various B-Schools in India. Best-selling author Rashmi Bansal's book 'I have a Dream' has an entire chapter on Vinayak Lohani and the initial phase of Parivaar.

# Parivaar Bengal

Children profile at Parivaar:

1. As on 1<sup>st</sup> July 2019, there are more than 2000 resident children at Parivaar's Residential Institutions (1230 boys and 770 girls).
2. Out of them nearly 1500 are from highly impoverished tribal pockets from districts of Bankura, Purulia, Midnapore (W), Birbhum West Bengal and Singhbhum, Saraikela, Ranchi and Giridih in Jharkhand.
3. From non-tribal areas i.e. 500 children, the children have either lost both the parents or have only mother who is in very difficult circumstances of deprivation. These are children of high vulnerability prone to exploitation, child labor, vulnerability of being used by anti-social elements, child labor, conditions of homelessness etc.

## **Background and Admission Process into Parivaar**

How Do Children Come to Parivaar?

Generally, children admitted into Parivaar are orphans, street kids, children with critically-ill parents and no other family support, and children from other vulnerable backgrounds, including single-parent households, kids from areas where exploitation and victimization, especially of girls, is common, and kids from highly impoverished rural and tribal areas where starvation and malnutrition are rampant, and where daily income per family is less than 1\$. All these children — though from diverse backgrounds — have the common characteristic that their destinies can be changed with access to clean and safe living and through education. If these children are nurtured in a residential setting where their basic needs are met, they can focus on the new future possible to them with structured learning leading to university-level education.

Parivaar helps children achieve the goals they set for themselves. We support them in choosing a career for which they have interest and aptitude, and help them pursue a degree to make that career a reality. Some of our earliest residents have now moved into careers in engineering, nursing, and accountancy, just to name a few.

Parivaar receives approximately 2000 cases of vulnerable children a year by field organizations, relatives of the child in question, or through concerned non-family members. After filtering Prima Facie information, cases for site visits and detailed investigations are short-listed. Parivaar has a special team that conducts site inquiries from where the case-request has come. This team

visits the child's location and collects a detailed profile, facts and information on him based on the interaction with his referring persons/entity and other possible sources. This site report is then discussed and deliberated, and the severity of the need of the child to be admitted to Parivaar is assessed and a decision is made. The important parameters looked into while admitting into Parivaar are:

1. Parivaar accepts kids between 4 and 10 years of age, though certain exceptions are made.
2. The child should want and be able to stay at Parivaar through university enrollment. Just as in any family, we believe children should be supported by their family – in this case Parivaar – until they are self-sufficient.
3. Generally, along with one child all his/her siblings are also admitted into Parivaar. We believe it does not make sense to develop a bright future for one and leave others to languish behind. Parivaar's principle is that all siblings should progress together so that their familial bonding remains intact into the future.

## **Parivaar Residential Institution Bengal : Institutional Units**

### **1. Parivaar Vivekananda Sevashram**

This is the boys' residential campus of Parivaar, home to resident boys and 80 male Sevavratees. It has all facilities like Kitchens, Dining halls, general purpose halls with projectors, prayer halls, computer labs, library, and a huge playground having 2 football fields, a volleyball court, and a cricket field. It is also the venue of Parivaar's 7-Day Athletic Track and Field Week.

### **2. Parivaar Sarada Teertha**

This is the girls' residential campus of Parivaar, home to girls and about 40 plus female sevavratees. It has all facilities like Kitchens, Dining halls, general purpose halls with projectors, prayer halls, toy rooms, computer labs, library, and a playground.

### **3. Parivaar Nivedita House**

This is an annexe block of the Boys campus and houses about 50n resident boys.

#### **4. Parivaar Bonogram Centre**

This is the place where Parivaar started in 2003. It also acts as a reserve block where from time to time about 50 resident boys can be accommodated.

#### **5. Parivaar Amar Bharat Vidyapeeth**

This is Parivaar's formal school and is a West Bengal Board affiliated High School. Its main building is adjacent to the Parivaar Vivekananda Sevashrama and has a subsidiary unit at Parivaar Sarada Teertha. It has 40 teachers on roll.

#### **6. Parivaar Administrative and Village Welfare Block**

This is the unit handling various local area welfare programs. Some administrative functions are also handled from here.

### **Key Operational Ingredients**

#### **1. Admission Process & Parameters**

- ▶ 2000 cases of such children come to our notice annually.
- ▶ Neediness assessment by filtering Prima facie information, Site visit, detailed investigation.
- ▶ Special Enquiry team visits the child's existing location and collects detailed profile, facts and information.

#### **2. Bridging (Fast-Learning) and Tutorship Programs**

- ▶ Youngest admitted children (aged 4, 5, and 6) are taken into most initial classes.
- ▶ Children who have age of 8 to 12 and no exposure to education trained 'Fast-Learning Bridge Course' and the admitted into a grade suitable for their age.
- ▶ Along with the formal schooling a strong after school tutorship (2 to 4 hour daily) ensures continuous good academic performance.

#### **3. Amar Bharat Vidyapeeth (ABV)**

- ▶ Parivaar's own High Quality Formal School having medium of instruction English as well as Bengali.
- ▶ Currently from Class 1 to Class 10.

After Class 10, children continue to stay at Parivaar and under Parivaar's care, and attend outside institutions for higher secondary and colleges / university.

#### **4. Handholding through entire Growth Path (Kindergarten to Higher Education / Placement)**

- ▶ Each resident child once admitted into Parivaar is under the care and custody of Parivaar till higher education and subsequent job placement and settlement into the future phase of life.
- ▶ For example, children showing aptitude for meritorious professional lines is trained and fully supported (just as parents do for their own children) till completion of that higher education and subsequent placement.
- ▶ Our earliest set of children is in career-paths like nursing, accountancy and many other professional lines etc.

#### **5. Skill Programs**

Over last 2 years the senior batches (post-Higher Secondary and University level Under-Graduation) underwent a number of Skill and Employability Programs. Many of these programs were in collaboration with National Skill Development Corporation affiliate partners. In past our kids have undergone Skill Programs in areas like Aviation, Hospitality, Nursing, IT and BPO, Paramedical, Beauty & Wellness, Electronics a& Home Appliances, Computer Hardware & Networking etc. Some went multiple Skill Programs and also multiple job offers. All the candidates after this get jobs. 34 boys and girls have been gainfully employed from amongst our earliest batches into organised sector.

#### **6. Fooding & Nutrition**

- ▶ Daily 4 cooked meals (Breakfast, lunch, Evening snacks, dinner) along with an early morning starter
- ▶ Same food partaken by all Sevavratees as well as children at the same venue
- ▶ Cooking done with high standards of hygiene.

#### **7. Health, Diet, Hygiene and Medical System**

- ▶ Scientifically planned healthy and balanced diet.
- ▶ Water-purifiers in each residential block.
- ▶ Additional dietary supplements given to children as per their needs.
- ▶ 24-hour medical care by a team of 7 medical personnel.
- ▶ Parivaar Ambulances to meet any exigencies.
- ▶ Separate Medical File for each child to maintain continuous health and medical history.

## **Non-academic Child Development Activities**

### **A. Sports & Recreation**

- Participation of both elders and children in all facets of extra-academic activities.
- Regular competitive matches.
- Systematic practice and coaching.
- Cricket pitch, Football field, Volleyball court, Badminton.
- Parivaar Track & Field Competition organized every year which goes for 7 days.
- Children movies, inspirational and educational films shown on weekends.
- Collection of good movie DVDs in many Indian as well as foreign languages.

### **B. General Knowledge Development and Reading Habits**

- Television News, Documentaries, Newspaper, Periodicals ensures good level of General Knowledge.
- Extensive Library.

### **C. Educational Excursions to outside places**

- Excursions are frequent and generally to places which provide not just entertainment but also have educational value. Visits to places like museums, art galleries, exhibitions, libraries, theatre, planetarium etc. are generally taken up.

### **D. Festival Celebrations**

Celebrations like Holi, Diwali, Christmas, Id-ul-Fitar, Saraswati Puja, birthdays of important national figures and freedom-fighters are also observed every year along with national festivals like Independence Day and Republic Day. On all these occasions, talks and discourses are conducted in order to put forth the deeper meaning behind these occasions, so that these occasions can also become medium of character-building and that festivals do not get reduced merely to fun and play. Talks on historical and inspiring themes happen frequently for all children as well as elders. Plays and 'song & dance' items are also there.

### **E. Literary and Cultural Events**

- On Parivaar's Annual calendar there are at least 15 days of Cultural functions.
- Plays, Rabindra Sangeet, Rabindra Nritya, Recitations, Speech-making etc.

## **Key Milestones:**

- ▶ 8 batches of Grade 10 children pass with 97% doing on their first attempt despite being very late started in education.
- ▶ 6 batches of Grade 12 children pass with 100% doing on their first attempt despite being very late starter in education.
- ▶ More than 100 of our earliest children getting employable after skill programs with NSDC affiliates after their graduation / higher secondary in respectable firms.
- ▶ Some children also working with Parivaar as interns in important roles along with doing their graduation and being developed for frontline leadership in future years.

## **Field Initiatives in Tribal Areas in Bengal**

Parivaar being the hub of training of Seva-vratees, is also the base for many other projects serving the rural areas in 24 Parganas district as well as far-off tribal areas in districts of Midnapore (West), Bankura, Purulia, Birbhum in West Bengal and Singhbhum (East) in Jharkhand. These areas are home to some of the most impoverished tribes of the country. The whole population suffers from malnutrition and generation after generation. People in this belt live a life totally unlit by the lamp of education and in thoroughly sub-human conditions.

Through rigorous field-work Parivaar has developed its field-network over more than 100 such villages in tribal areas, with a contact person from the local community in each of these villages. We have been able to develop this network through Jana-Sabhas (community meetings), engaging with the community, and winning their trust and confidence. The guardians/relatives of the children already admitted into Parivaar from these areas act as field volunteers, and help in expanding the outreach, due-diligence during admissions of more children, and maintaining continuous relationship with these areas.

Two main tribes, Sabar and Birhore, are the main beneficiaries of Parivaar's tribal service programs.

## **Village Service Activities**

- ▶ Education Excellence Program for village students: Books, stationery, emergency pecuniary help within 10 kms radius of Parivaar to more than 2000 students every year from BPL families.
- ▶ Ambulance Service for village: 24 hours service in adjoining rural areas.
- ▶ Annadan Pariseva (Monthly Food stock Scheme) for old and ailing villagers: Above 80 beneficiaries, stipulated rice, dal (lentils), oil etc.
- ▶ Sarada Nivedita Nirashrayi Bhojan Seva Prakalpa - Daily Hot Cooked Meal Service for Mentally Retarded and Homeless Vagabonds – mostly women (Daily 40 such persons have lunch at Parivaar).

A Day Boarding (Education cum Meal Programs) for 150 children in the age-group of 4 to 12 has been started at Village Baikunthpur in Sundarbans area of District 24 Parganas (South). Breakfast and lunch is being served to all children and classes held from 8 AM to 2pm. This centre has been named 'Sri Ramakrishna Vivekananda Seva Kutir'. The space has been offered by the community.

## **Parivaar in Madhya Pradesh : Second Front – After 14 Years**

14 years after starting of Parivaar in Bengal, we have in 2017 started work in a new geography of MP. Here the immediate plan for the year 2019 is to start at least 175 centres, each of around 70 to 120 children in selected pockets of deprivation and malnourishment in Districts of Madhya Pradesh where Day Boarding (Education cum Meal Programs) for children in the age-group of 4 to 14 will be started. These centres are being named 'Sri Ramakrishna Vivekananda Seva Kutir'. As on 20th May '19, there are 102 such centres already in operation.

### **The Problem**

In January, The Economist had a cover article on India titled "India's missing middle class" which had a chilling statistic- Poor diets mean that 38% of children under the age of five are so underfed as to damage their physical and mental capacity irreversibly, according the Global Nutrition Report. The comparable number for Sub-Saharan Africa is apparently lower at 35%. India has the largest number of stunted children in the world, at 48.2 million. In the state of Madhya Pradesh more than 60% children are malnourished. In some impoverished tribal areas of Madhya Pradesh it is as high as 90%.

While the enrolment rate in government schools across the country in the age-group of 4 to 14 has increased to more than 97%, the learning outcomes in the specially deprived tribal pockets which are marked by first-generation learners have remained dismal as shown by many reports like the ASER. While the 'No Detention Clause' in the 'Right to Education Act' coupled with the Mid-Day-Meal Program in Government Schools has ensured that children continue to be enrolled in the Schooling system till age of 14 (Grade 8), there is no effective continuous measurement of learning outcomes. Moreover with government schools running for not more than 150 days, there is need for alternate supplementing spaces for ensuring better learning, socialization, development of world-view, and civic virtues coupled with value education to the children as they grow up.

### **The Seva Kutirs combines two key themes most crucial for children in interior rural areas in the country - malnutrition and education.**

The Seva Kutirs have the following design features:

1. Village Community Provided Venue :

The village community has to invite us and offer a venue free. Usually it is somebody's house, Panchayat building, community hall, school in its non-functioning hours, or even a shed / godown. Thus we do not incur any infrastructure costs for this.

2. Morning (Breakfast) and Evening (Dinner) Shifts :

All Kutirs follow a 2-shift engagement with the children (from morning 7 to 10:30 and from 4:30 to 7:30). In the morning shift breakfast, with seasonal fruits and milk are given, and dinner (roti, sabzi, rice and dal) is served in the evening shift. During day-time the children are sent to the local Government school so that a

continued engagement is established with them. The Seva-Kutirs are aimed at complementing the government schooling and not act as a substitute. But it has much more emphasis and inputs both nutritionally as well educationally.

3. Local Human Resources :

To the extent possible we engage all local workforce (cooks, helpers are from the same village) and teachers from the same or nearby area.

4. The Kutirs in the same area are organised under one cluster.

5. Central Resource Team :

- i. Education : Resource persons experienced in pedagogy, teacher training, and curriculum design ensure planning and uniform implementation across Kutirs. They also perform a continuous Impact Assessment of Kutirs to encourage constant improvement of the programs. Sports, Value Education, and Civic Virtues are also components of the Kutirs.
- ii. Nutrition and Health : central Resource persons specialising in nutrition supervise the delivery of our meals and supplementary dietary inputs to children with severe malnourishment. They also work in sync with Nutrition Resource Centres in government hospitals. They do a continuous assessment of various indicators of health and nutrition for children across the Kutirs.

6. Community 'buy-in' in the program:

The program is designed carefully to involve people not just as beneficiaries but as stake holders.

Institutions like Panchayats and non Government bodies like self- help groups, women- led federations which have seen a growth in tribal areas are being reached out to and will be involved in the processes of the program like:

- Mobilizing children in villages for the Seva Kutir
- Volunteering for the Seva Kutir
- Regular sharing of data on the children of their villages on health and education
- Mobilizing action to achieve success in convergence with government programs.

7. Stress on Local Supply :

To the extent possible, we are procuring vegetables, milk etc from local suppliers. We are encouraging the poor village communities to produce whatever is necessary for the Seva Kutirs locally. Towards this we will, with help of external agencies, also help and facilitate the local communities to organise themselves into producer groups / organizations.

We witnessed a completely new situation here with villagers objecting to children from lowest castes sitting with those from upper castes while partaking of the meals. We made it clear that it will be like this only. We now feel, more strongly than before that even a simple act of dining together right from childhood can go a long way in a more integrated society.

**As of 1<sup>st</sup> May 2019, we have 102 Seva Kutirs in 3 districts of MP, the names and details of which are given below :**

B.Tech, Former Software Engineer at Wipro,

Masters (Education) from Azim Premji University.

**Vikas Kumar**

Academic Co-Lead

Masters (Education) from Azim Premji University.

**The Road Ahead**

We plan to set up at least 175 such Seva Kutirs by March 2020. The Seva Kutirs cannot have a fixed predictable number of children due to varying sizes of the villages. But the range is between 70 children to 150 children.

- Average costs per child in a Seva Kutir is around Rs 12,500 per year.
- For a 80 children Seva Kutir the costs would be around Rs 10 Lacs.
- For one 100 children Seva Kutir the costs would be around Rs 12.5 Lacs.

This is also helping towards deeper field-engagement in the district as we are building up our main residential institution at village Sandalpur in Dewas district which is at present under construction and will be modelled on lines of Parivaar's residential institutions in Bengal. Spread over an area of 17 acres it is expected to be operation by June 2020. Children from all these impoverished areas and adivasi districts in Western and Central MP will be admitted into this residential institution.

## Supporters
